

SUSTAINABLE ECONOMY IN HORIZON EUROPE INTERNATIONAL MATCHMAKING & NETWORKING (INSE'2024)

Sustainable Economy in Horizon Europe. International matchmaking & networking (INSE) is an international event in the field of broadly understood sustainable development in the context of Horizon Europe - EU Framework Programme.

Target groups:

- industry & business sector
- research organization
- public sector / non-profit organizations

23-24 October

Warsaw, Poland

INSE'2024 is organized by:

- **Łukasiewicz Research Network – Institute of Non-Ferrous Metals/ Industry Contact Point Sustainable Economy**
- **Łukasiewicz Research Network – Warsaw Institute of Technology/ Industry Contact Point Low-emission Technologies and Clean Energy**
- **Łukasiewicz Research Network – Institute of Aviation/ Industry Contact Point Clean and Smart Mobility**
- **The Polish Chamber of Commerce for High Technology (IZTECH)**

The event is focused on areas related to sustainable economy, in particular on the:

- Polish potential and the European ecosystem
- Infrastructure for sustainable economy
- Technologies, raw materials and advanced materials for defense and civil applications
- Partnerships in Horizon Europe and the benefits of participating in them
- Hubs4Circularity
- New technologies for the recovery of metals and critical raw materials
- Hydrogen technologies
- Photovoltaics
- Clean energy & clean mobility
- Innovative solutions for transport

Sustainable Economy in Horizon Europe is a unique opportunity to establish direct contacts between scientists/researchers and entrepreneurs. The formula of the event is based on:

- Pitching sessions – presentations of cutting-edge project ideas related to the theme of the event
- Networking sessions – building relationships and expanding networks of industry contacts (including direct meetings with speakers of pitching sessions)
- Matchmaking sessions – identifying and connecting partners with common project interests

INSE'2023 REVIEW: 241 people from 22 countries registered for the previous edition. There were 2 networking sessions, 2 pitching sessions and 2 matchmaking sessions including 75 in-person meetings. Representatives of the European Commission, A.SPIRE, EIT Raw Materials were present at the event.

Registration and more information about the event are available on the website: <https://tiny.pl/dl54v>
